SUBJECT No. 193.

Construction of a Travellers' Bungalow at Nyamti.

Messrs. Nagarada Gurulingappa and Revana Siddaiya, Honnali Taluk and Settara Channappa, Nyamti Municipality.

Mr. Nagarada Gurulingappa.—Much inconvenience is felt, as Nyamti is a very busy place and as there is no proper accommodation for travellers and Government officers who pass through this place. We pray that a Travellers' Bungalow may kindly be built here.

Dewan.—If Government officers go to such places like this, they invariably carry tents with them. Arrangements have been made to build a *Musafirkhana* and there is no necessity for a Travellers' Bungalow.

Mr. Ananthaiya.—There is a Travellers' Bungalow at Sowlanga which is very little frequented. It may be abandoned and a new one built at Nyamati instead.

Dewan.—The cost will be excessive and unnecessary.

SUBJECT No. 194.

Providing funds from State grant for repairs to the *major* temples at Sorab and Chandragutti.

Messrs. Nadig Bhaskar Rao, Nadig Lakshmana Rao and Seetharamappa, Sorab Taluk.

Mr. Nadig Bhaskar Rao.—These celebrated temples are in ruins for want of repairs and proper supervision. The funds now available at the credit of these institutions are quite insufficient to meet the demands. The repairs may kindly be undertaken by Government.

Second Member of Council.—On receipt of the Deputy Commissioner's report in the matter, the question will be considered.

KADUR DISTRICT.

(*Nos. 195 to 199.*)

SUBJECT No. 195.

Establishment of separate Special Magistrate's Courts at Koppa and Narasimharajapura.

Messrs. H. Krishna Rao and K. Channakesava Rao, Koppa Taluk.

Already discussed. See General Subject No. 79.

SUBJECT No. 196.

Opening of a Maternity Hospital at Koppa.

Mr. K. Channakesava Rao, Koppa Taluk.

Mr. K. Chennakesava Rao.—A Maternity Hospital may be opened at Koppa.

Third Member of Council.—According to the resolutions passed in the Malnad Improvement Committee, steps are being taken to open a Female Dispensary at Koppa.

SUBJECT No. 197.

Opening of a Railway line from Kadur to Chickmagalur.

Messrs. B. Kesaviah and T. P. Malle Gouda, Chickmagalur Taluk and C. Srinivasa Rao, Kadur District Board.

Mr. B. Kesaviah.—Railway cess was levied to take up this work immediately. Though four years have already passed, the work has not been commenced yet. As the survey and other preliminaries have been completed, we beg that early orders may be issued for commencing the work.

Mr. Srinivasa Rao.—About two lakhs of rupees have already been collected and we are hopeful of collecting another lakh before the work begins. If Government can only sanction another 7 or 8 lakhs from the State Loan, we are prepared to give interest at the rate of 6¼ per cent and the work may begin immediately. We want a direct line.

Dewan.—Alternative projects and estimates are ready and are under consideration. Early decision may be expected.

SUBJECT No. 198.

Construction of a separate building for the Girls' School at Tarikere.

Mr. Yellappa Setty, Tarikere Municipality.

Mr. Yellappa Setty.—Classes are now being held in Purniah's Choultry causing much inconvenience both to the travellers and to the girls who attend classes. I pray that a separate building may be erected to locate the Girls' School.

Dewan.—As soon as the works that are now in the programme are completed, arrangements will be made to take up this work in the next programme.

SUBJECT No. 199.

Conversion of the Hindustani School at Tarikere into an Anglo-Hindustani School.

Mr. Syed Khaja Peeran Sab, Muslim Association, Tarikere.

Mr. Syed Khaja Peeran Sab.—For many years, we have been praying that the present Hindustani School at Tarikere may be converted into an Anglo-Hindustani school. All the Government officers to whom representations were made in this respect are promising to grant our prayer but nothing has come out of their promise. We have submitted an application to the Inspector-General of Education requesting him to send another teacher on Rs. 40 in place of the one deceased on Rs. 30. Our request has been refused.

The Circle Inspector, to whom the same representation was made, has given us an endorsement to say that our boys may be sent to the A. V. School. The Mahomedan boys who are ignorant of the Kannáda language will not be benefited by going to the A. V. School. I pray that early orders may be passed to convert the Hindustani school into an Anglo Hindustani School

Inspector-General of Education.—Is it not enough if a Hindustani teacher is attached to the A. V. School ?

Mr. Syed Khaja Peeran Sab.—No. There is no use of it.

Inspector-General of Education.—There will be an Anglo Hindustani school immediately at Sira and after that at Tarikere.
